<b>Smallest Lionfish</b>	\$100	Explorer	2 inches	Justin Higgs Mark Mclean Chris Gorman Bill Butler

A total of 9 boats participated in the derby and the presentation on April 16<sup>th</sup> was well attended both by participants and non-participants of the derby. Overall it was a successful event in getting more awareness about the issue out into the communities as well as removing a significant amount of lionfish from the Sea of Abaco. The tasting was also well attended by both locals and visitors, and many individuals were able to taste lionfish for the first time.

The community came to check out the lionfish that were caught.
