

Introducing The Frank Kenyon Centre for Research, Education, and Conservation

Celebrating 27 years of grassroots environmental achievement and providing a vision for Friends of the Environment to achieve long term measurable success in conservation and education goals for Abaco and The Bahamas.

The perfect site for small groups with all the required amenities at your finger tips! The Kenyon Centre is a new extension of Friends of the Environment with goals of expanding research and education on island. The Kenyon Centre can accommodate groups of up to 28 people with bunk rooms, a full kitchen, classroom and common area for multi-purpose use. Use of the lab facility is included in your stay at the centre. We are located in a pocket of Caribbean pine trees in Marsh Harbour and are only minutes away from the airport, clinic, major grocery store, dive shop, and other conveniences.

Your new connection to science and the environment in Abaco, Bahamas!

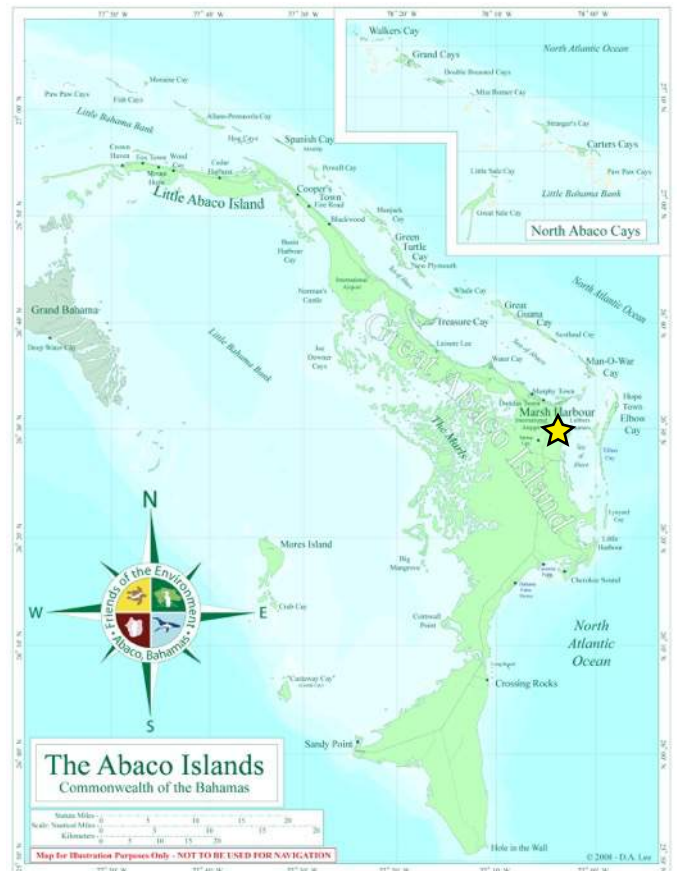

Amenities

On Island

- International Airport
- Medical clinic
- Access to a wide variety of ecosystems
- 6 National Parks and Preserves

On Site

- Eight bedrooms (28 bunks total)
- Full kitchen
- Classroom
- Lab
- Two covered outdoor workspaces
- Male & female restrooms with in-door and outdoor showers
- Wifi throughout the building
- Office facilities, logistics, and long term equipment storage

Research

The Kenyon Centre works to create meaningful connections between researchers and local communities to benefit conservation and education. FRIENDS has 27 years of experience in community outreach and conservation!

Education

FRIENDS and the Kenyon Centre provide opportunities for students to participate in research, and programs that incorporate environmental stewardship and scholarship in the sciences.

Conservation

Learn about and become a part of the sustainable development plan at the Kenyon Centre as we implement our solar energy, native plant gardens, and other sustainable initiatives.

OPTIONAL PROGRAMS

Rent the facility for your own course. Visit the centre and book one of our itineraries, or partner with us to design a course for your group.

** Field trip prices will be separate from accommodation.

ROOM PRICING

\$120/night (up to 4 people sharing), \$30/night for each additional person*.

Please contact FRIENDS to discuss discounted rates for long term stays.

*Room fees include full use of the centre including lab and wifi.

CURRENT OFFERINGS

- * 1-3 day summer research field courses on topics such as Sea Turtle Ecology, Habitat Conservation, Bonefish and Flats Ecology
- * Community presentations (on site, or elsewhere) on topics ranging from Abaco's ecosystems to current environmental issues

UPCOMING PROGRAMS

- * Courses covering skills required for BGCSE biology and geography exams
- * "Build-a-trip" itineraries with optional plans for exploring and learning about some of Abaco's key ecosystems and research sites
